temps@tempdetofona.com

TIMETABLE

Exit: 8:00am

Arrival: 12:30pm (aprox.)

PICK UP POINT

A point in Osona to be established with the client

GROUPS

The forest sustainability and the good work of the dogs are only possible with reduced groups of between 2 to 6 people. For larger groups please inquire within

TRANSPORT

We will move around with Temps de tòfona's mountain vehicles

ATTIRE

You must wear comfortable shoes. It's not a complicated or long walk. It's important to wear dark colors to go unnoticed in nature. Avoid strident or fluorescent colors.

WHAT WILL WE DO?

— We will pick you up at 8:00am at your enchanting accommodation and we will go to truffle fields, inside the holm oak and oak woods in Osona. Our dogs will come with us.

— Together we will discover the secrets of the forest and we will show you how to read the trails the soil leaves for us. We will share anecdotes and secrets from our trade.

— We will tell you how and where truffles are born, how to move through the woods in order to find them, how to recognize a truffle place, how to know if we have found a good truffle and how to cook it.

— We will see how the dogs work live and, if we're lucky, you will be able to take the truffles out of the soil yourselves!

— In the middle of the morning we will have a farmer's breakfast in the woods with products from the county.

— Whether we find truffles or not, we will have some available for you to buy. (The truffles extracted during the escape will be property of Temps de tòfona).

— Around midday (approximately 12:30) we will be back to the meeting point.

During the escape pets won't be allowed.

SECURITY AND WEATHER

The escape includes an insurance per person.

If Temps de tòfona considers that the weather conditions don't allow us to go out on our escape, we will set another date to do it, without any additional cost.

The gift card will expire once the current truffle season is over (December 1st to March 15th).

Print and cut these cards and use them as a gift card.
